Descripción

This book introduces the reader into some of the author's thoughts pertaining to Scripture. Such subjects explored include, the Flood in the time of Noah, the legitimacy of the phenomenon of stigmata, and a period of tribulation outlined in the book of Daniel. These ideas are explored and can be seen to relate not only to the religious communities from the start of civilization, but also how these same topics can affect us in the Twenty-first Century.

1 day ago . And the third verse begins, "We're not alone; we've got the world, you know, and it won't let us down, just wait and see." . Communio reaches beyond the conceptual coldness of the social contract to form a single body out of disparate individuals; it humanizes what would otherwise be a mere collection of.

All 50 of the essays did have one thing in common, in addition to their belief in a "young-earth", and that is that they all invoked belief in a Christian God and a literal reading of Scriptures [Christian, of course] as their main motivation for their "scientific" position. A good summary of the position taken by many of the essays is.
