Many of the external images are deteriorating: You can.

9 Aug 2012 . A View out onto the Atlantic. Photo: KW. We no longer regretted our early-morning wake up call. The little excursion had been, as always, well worth our while. Now it was time to continue heading west along the coastal road. As we drove, we quite happily agreed that our guidebook had been completely.

Archaically, the city was known as The Groyne, probably from French "La Corogne",

although this name could also be as much a geographical description given the city occupies a small peninsula protruding out into the Atlantic. In Spain, currently the only official form of the name is the Galician one, "A Coruña".

After a night in Muxía, we took the 15-minute walk out past the end of town to get to the headland with the Santuario on. It's a wild bit of coast, battered by the Atlantic against the rocks. Our guidebook didn't make it clear that the supposed "petrified" boat of the Virge da Barca is out in the sea, rather than being rocks on land.

The viewpoint of the Atlantic. Absolutely spell binding - beautifully kept property and wonderful hosts! The delta was a forever transforming view - stunning. You could appreciate it from many aspects of the property. The apartment was super comfortable and I LOVED how there was access to ambient candles in every room.
