Terapins gåva är ett öppet brev till en ny generation terapeuter och deras patienter. Med en djup och varm humanism sammanfattar Irvin D Yalom sin långa och mycket framgångsrika karriär som terapeut.

Läsaren kan följa en terapies förlopp i fallvinjetter som är ögonblicksbilder ur Yaloms egna kliniska verksamhet och samtidigt möta frågeställningar som alltid måste dyka upp i kontakten mellan människor.

Författaren ger många goda råd, men för samtidigt en diskussion med läsaren om olika sätt att möta den terapeutiska vardagen. Yalom vill undvika dogmatiska läsningar och söker hela tiden avmystifiera både den psykoterapeutiska verksamheten och terapins språk.
