Descripción

En pleno mes de junio, Paula Ramos «Sushi», redactora de los servicios informativos de TV3, sigue atentamente los teletipos en busca de alguna noticia, cuando, de repente, uno le llama especialmente la atención. Habla de unos inmigrantes africanos que, encaramados a una jaula transportadora de atunes, han conseguido salvar la vida después que la patera en la que intentaban llegar a Europa se hundiese en el Mediterráneo. A pesar de las restricciones presupuestarias de la época de crisis en la que estamos, Paula logra convencer a sus jefes para que la autoricen a ir a Malta a seguir la noticia y hacer un reportaje. En la isla, irá descubriendo las sorpresas que el teletipo le tenía reservadas y será protagonista de un sinfín de aventuras que le cambiarán la vida, en muchos sentidos...

En su primera novela, Raúl Romeva Rueda nos invita a un viaje trepidante por la inmigración clandestina, el expolio de especies marinas, las conexiones entre el poder económico y la política, y los riesgos del periodismo de investigación.
